

## Food Safety (Level 3) – CIEH Intermediate Certificate

### Overview

The CIEH Intermediate Certificate in Food Safety is designed for managers and supervisors who need a broad understanding of food safety control, and who have responsibility for developing and maintaining a food safety management system. It is recommended that all food environments should have at least one person trained to this level.

The course gives an in-depth understanding of how to apply and monitor good food safety practice. It also ensures that supervisors know how to implement food safety management procedures.

This workshop:

- Leads on from the Introductory and Foundation Certificates in Food Safety
- Develops your understanding as a supervisor or manager in a food environment
- Expands knowledge on how to apply safe food controls in a practical environment

### Who should attend?

- Anyone involved in supervising and managing others in a food environment
- Those wishing to progress from the Foundation Certificate in Food Safety

### Format

A three-day course, for up to 12 people, with a short multiple-choice test, the successful completion of which qualifies participants for the CIEH Level 3 Award, *Intermediate Certificate in Food Safety*.
